

PERFECTLY CLEAN - FOR SURE

SANITARY | FLOOR | FRAGRANCE  
3 PRODUCTS WITH  
ACTIVE ODOUR BLOCKER

## FRESH DEODORISING FRAGRANCE THROUGHOUT LIVING AND SANITARY AREAS!

Hardly any area of industrial cleaning is more critical than the health sector. Sufficient hygiene is crucial to the well-being of patients and facility residents. Strong odours in hospitals and nursing homes pose a particular challenge for cleaning products. Buzil offers you efficient solutions for everyday routine cleaning in all living and sa-

nitary areas. Whether you are cleaning the floor with the new CORRIDOR® CIBREEZE WIPE S 790, cleaning in wet areas with BUCAZID® S G 467 or using our room fragrance BUZ® FRESH MAGIC G 567 – all three products come with an active odour blocker and guarantee a fresh deodorising fragrance.
