

Recommended Cleaning & Care

BUZIL-WERK Wagner GmbH & Co. KG

SOFT AND ELASTIC FLOOR COVERINGS/FALL PROTECTION COVERINGS

Fall protection coverings are very soft, slip-resistant and elastic floor coverings, which often consist of rubber granules. These are sensitive to exposure to wet. The floor coverings are sensitive to solvents and highly alkaline cleaning agents.

CLEANING

DEEP AND INTENSIVE CLEANING

| | Dirt | Treatment | Cleaning device |
|--------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Pick up loose dirt, and remove mortar, plaster residue, and colour stains manually using a scraper/hand pad. | ORGANIC/INORGANIC CONTAMINATION like protein, oil and grease or foodstuff residue e.g. coffee, red wine etc. can be removed using Maradin HC 43. | Apply the cleaning solution evenly over the floor, and leave it to work for approximately 10 to 15 minutes. |  |
| | | Deep clean the covering using a single-disc machine and a soft brush, or a cleaning machine with contra-rotating brushes. |   |
| | | Pick up the loosened dirt using a wet vacuum cleaner, and rinse with water. |   |

DAILY ROUTINE CLEANING

| | Dirt | Treatment | Cleaning device |
|--------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------|
| Pick up loose dirt, and remove mortar, plaster residue, and colour stains manually using a scraper/hand pad. | ORGANIC/INORGANIC CONTAMINATION like protein, oil and grease or foodstuff residue e.g. coffee, red wine etc. <i>PLEASE NOTE: Manual daily routine cleaning is very difficult to perform due to the very rough characteristic of the floor covering.</i> | The neutral Vario Clean Trendy T 560 and Buz® Match Trendy T 265 cleaners are well-suited to daily routine cleaning |  |
| | | Clean the covering using a cleaning machine with contra-rotating brushes. | |
